What was your motivation for choosing to participate in our governance system?

On committees due to title

Serve the College Community

As a member of the Classified Steering Committee, we are invited to sit in on the Coordinating Council meetings and the steering committee encourages at least one member to attend each meeting.

Be part of decision making of college.

I think there is much that can be done at the college with so many committed and competent individuals. I want to be a part of the accomplishments and the best we have to offer at NSCC.

Make help make it more responsive to the students needs

My position has traditionally been part of this committee.

Provide input in important areas of the College.

Provide any additional feedback here:

Leadership Chairs/vice-chairs of the Coordinating Council have been excellent.

I still believe that people are unaware of the objectives of the Coordinating Council as well as action taken by the Council.

thanks

I feel that the President values the feedback he recives from the governance process since it is a representative group of the college community. I am not sure that the entire college understands the value of the governance system and having more critical issues come to the Council for discussion and recommendation would help the college community realize the importance of governance.

Nothing at this time.

I feel the committee is focused and well representative of the college

My committee values input by all members and encourages participation by the representative of standing committees and the divisions.
